## SUPPLEMENTAL INFORMATION

### **Supplemental Figure 1. Location of DNA repair in genes larger than 100 kb.**

Values plotted in text Figure 5A (top) represent the average of two independent experiments. Supplemental Figure 1 shows the results of each of the two experiments (Rep1 and Rep2).

**Supplemental Figure 2. Distribution of elongating RNAPII.** Values plotted in the top two panels of text Figure 6 represent the average of two independent experiments. Supplemental Figure 2 shows the results of each of the two experiments
