

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: Characteristics of eQTL-meQTL pairs and results of co-localization analyses.

File Name: Supplementary Data 2

Description: Linear regression of the posterior probabilities of common causal variant on lead eSNP LD-score and the eQTL/meQTL P-values.

File Name: Supplementary Data 3

Description: Results from mediation analyses and partial correlation analyses.

File Name: Supplementary Data 4

Description: Results from partial correlation analyses adjusting for top two lead SNPs.
