All Respondents.None of us was allowed to have a birth companion

Q9.What can you comment on the experience and skills of the staff that handled you?

Resp.7.Very good,the Nurses have been very nice and kind.None has been mean.

Q10.What health education were you given on care for yourself or the baby before discharge?

I was told to go back to clinic after 2 weeks for myself and also to take the baby back to clinic at six weeks and also to start Family Planning

Q11.What about the care of the baby?

Resp.6.We have not been told anything on care of the baby.They always tell people after immunizing the baby.

Resp 4.We have not been given any health education because today is a weekend and education is only given when the babies are being immunized and today it's not a vaccination day.Otherwise the treatment has been good all through .This is my second delivery here .They don't harakisha watu they do the procedures step by step.I will advice the others to come here.

Q12.How would you rate the overall satisfaction with the treatment received from admission, during delivery until discharge?

Rep 1.I was satisfied and would recommend to others to come here.

Resp 3.Was taken care of well all through

Resp 8.I was not very satisfied because I was left alone in labour ward for almost two hours

Resp 4.I was in labour from 8.00 am to 3.00pm and when the Mzungu came, the delivery happened.

All Respondents-When there is a Mzungu,then delivery happens

Resp.7.I was satisfied. My first delivery was Caeserian Section but this time, the Mzungu made me deliver normally.

Q12.Do you have any other comment?

Rep 1.Food here is very little

Resp 2.We share beds here with strangers

Resp 4.The food is not balanced

Resp 5.We bathe with cold water after delivery

Resp.6.There are no blankets and this place is very cold.

Resp 8.The staff are okay but *vifaa vya kutumia ndio hawajapewa.*

Resp.7.Delivery is free but the facility is not upto standard, we are not provided with pads.
