

Figure S6. Year QSP Initiated

The majority of respondents initiated QSP modeling between 2011 – 2015, while two large companies began prior to 2005. Four companies are relatively new to QSP modeling, starting no sooner than 2016. Company size is defined as follows: Small = < 2,000 employees, Medium = 2,000 – 10,000; large = > 10,000 employees.
