

## Supplementary Material to "Genome-wide analysis of the Glycerol-3-Phosphate Acyltransferase (GPAT) gene family reveals the evolution and diversification of plant GPATs"

**Dataset:** 9 developmental stages from data selection: OS\_AFFY\_RICE-7

Showing 17 measure(s) of 17 gene(s) on selection: OS-1

**Figure S7** - Microarray data analysis from Genevestigator showing expression pattern of GPATs in developmental stages of *Oryza sativa*.
