

Supplementary information, Figure S5 Characterization of *som787-2*.

(a) The T-DNA insertion site of *som787-2*.

(b) Transcript levels of *SOM787* in Col-0 and *som787-2*, revealed by qRT-PCR using *Actin* as reference. Values are means \pm SD ($n = 3$). The asterisks represent significant difference determined by Student's *t* test. ** $P < 0.01$.
