

**S6 Table. Shapiro-Wilk normality test of log prices for selected products**

<b>Category</b>	<b>obs</b>	<b>W-stat</b>	<b>z-score</b>	<b>p-value</b>
<i>Untaxed</i>				
Product ID 5271	643	0.94	-1.15	0.88
<i>Taxed 10%</i>				
Product ID 5221	683	0.90	-1.15	0.87
Product ID 4881	856	0.86	-0.97	0.83
<i>Taxed 18%</i>				
Product ID 5312	863	0.88	-1.11	0.87
Product ID 5172	821	0.96	-1.12	0.87

Note: Product IDs were coded and selected randomly. Shapiro-Wilk test has a null hypothesis of normality. W-stat indicates the Shapiro-Wilk statistic.
