# The Groningen Defaecation & Faecal Continence questionnaire

#### Instructions:

- 1. Answer the questions by ticking the box next to your answer. Please tick just <u>one</u> answer to each question (unless you are invited to give more than one answer).
- 2. Although some of the questions may seem very similar, each one gives us important information. Some of the questions might relate to problems you do not have, but we want to know this too. Please answer every question (unless you are specifically told to proceed to another question).
- 3. There are no right or wrong answers. If you are unsure about how to answer a question, try to choose the answer that comes closest to your situation.
- 4. If you have any comments about the questionnaire, or if there is anything else you would like to say but which has not been covered by the questions, you can add your own comments at the end of the questionnaire.
- 5. Your answers will be treated in the strictest confidence.
