

Appendix IV

Scatter plots for each correlation as a function of the clusters

Correlation between *valence* and *arousal* as a function of classification

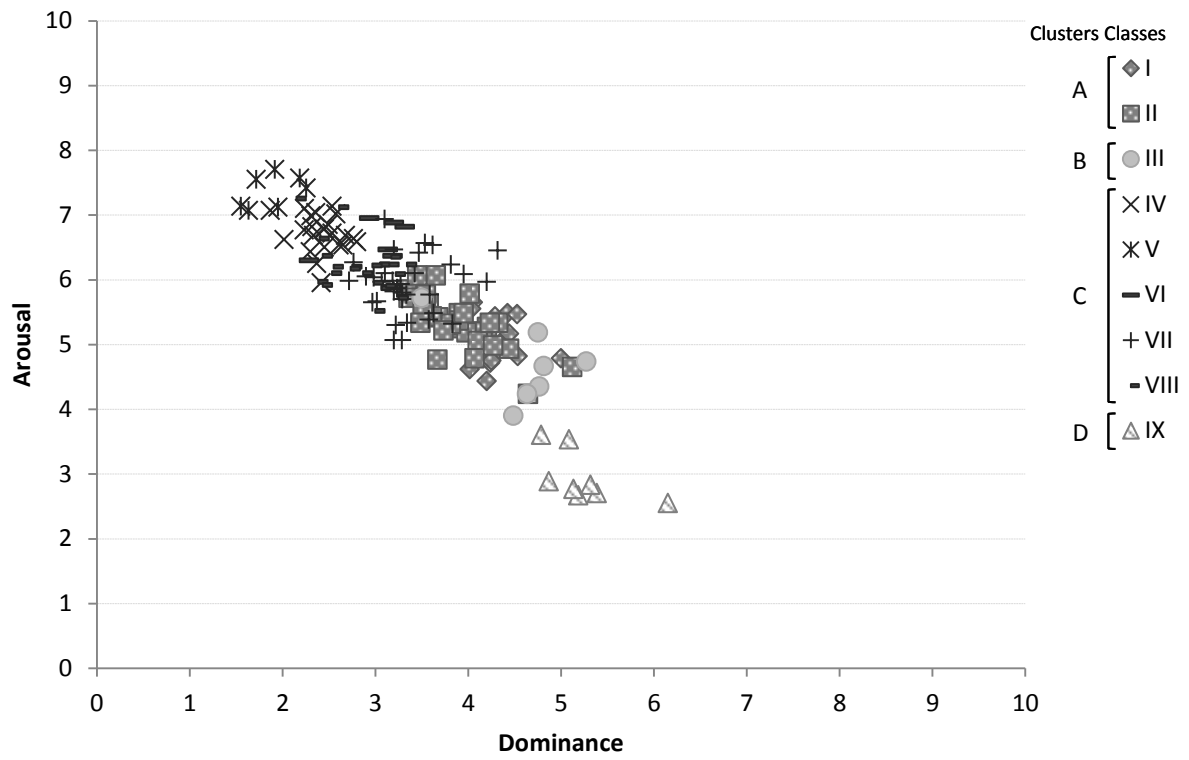

Correlation between *valence* and *dominance* as a function of classification

Correlation between *valence* and *certainty* as a function of classification

Correlation between *arousal* and *dominance* as a function of classification

Correlation between *arousal* and *certainty* as a function of classification

Correlation between *dominance* and *certainty* as a function of classification
