

Figure S6. Intrinsically disordered protein regions (IDPRs) and structural models of the circadian clock proteins in *Agave americana*. **(a)** POND-scores profile of LATE ELONGATED HYPOCOTYL (LHY, Aam006353); **(b)** structural model of LHY; **(c)** POND-scores profile of EARLY FLOWERING 3 (ELF3, Aam085988), **(d)** structural model of ELF3, **(e)** POND-scores profile of LUX ARRHYTHMO (LUX, Aam048752), and **(f)** structural model of LUX.
