

Supplementary Material to "Can WRKY transcription factors help plants to overcome environmental challenges?"

Table S4 – Transgenic generated lines performed with WRKY genes in different plant species in response to biotic and abiotic stresses. Event (S: silence, OE: overexpression) reaction - their phenotype observed against certain stress (T: Tolerance, R: Resistance, S: Sensitivity or Susceptibility) and the reference source

Species	Event	Gene	Stress	Reaction	Reference
<i>Arabidopsis thaliana</i>	OE	<i>GhWRK Y34</i>	Salt	T	Zhou <i>et al.</i> , 2015
