RE: CONFLICT OF INTEREST STATEMENT

September 6, 2018

Dear DIB Managing Editor,

With regards to our **DIB-D-18-01888R1** manuscript entitled “*Mass Spectrometry Data Confirming Tetrameric α -Synuclein N-terminal Acetylation*” submitted to *Data in Brief*, we have provided a statement below confirming that there are no conflicts of interest. Although mentioned in the EES hub, there was not a linked form.

There are no known conflicts of interest associated with this publication and there has been no significant financial support for this work that could have influenced its outcome. The manuscript has been read and approved by all authors and the regulations of our institution concerning intellectual property have been followed.

Sincerely,

Heather R. Lucas, Ph.D.
