Your blood sugar is **monitored** using a glucometer

We are designing a device to monitor your **foot health**.

Using the [DEVICE] is just like taking a picture with your cell phone. It should be used as a part of your diabetes monitoring routine, like your glucometer.

Feature	Glucometer	[DEVICE]
Used daily	✓	✓
Simple	✓	✓
Painless	✖	✓
Collects health data	✓	✓
Helps control complications of your diabetes	✓	✓
Connects you to your doctor remotely	✖	✓
Does not replace your doctor	✓	✓

We are trying to design the [DEVICE] to be as easy to use as possible, and we'd like your help!
