

Survey: Pediatric Early Warning System (PEWS)

Which hospital do you work at?

This is a

- University hospital
- General hospital

1. Is there a PEWS in use at your pediatric department?

- Yes
- No

If YES then:

1.1 Which PEWS score do you use at your pediatric department?

- A validated PEWS score
 - Which PEWS score?
 - Brighton
 - Bristol
 - Yorkshire
 - Parshuram
 - Different:.....
- A non-validated PEWS score in use / made by another hospital
 - Which hospital?
- A non-validated PEWS score self-designed for our department
 - Designed by:
 - A pediatrician of the department
 - All the pediatricians of the department
 - A pediatrician and an ER-doctor
 - A pediatrician and a nurse
 - A nurse
 - Different:
- I don't know

1.2 Which parameters are used in your PEWS score? (You can complement the list if your PEWS parameters are not all described below)

- Heart rate
- Blood pressure
- Respiratory frequency

- Oxygen saturation
- Oxygen therapy
- Capillary refill
- Respiratory effort
- Temperature
- Consciousness
- Convulsion
- Nurse's worried signs
- Parents' worried signs
- Other parameters:

1.3 What is the next step (step-up care) when the PEWS score is elevated / exceeds the established threshold?

- There is no next step
- Call the doctor / resident who is on call
- Call the resuscitation team or rapid response team
- Different:

1.4 Are you satisfied with how the PEWS score is functioning at the pediatric department?

- Yes
- No

1.5 Are the nurses satisfied with how the PEWS score is functioning at the pediatric department?

- Yes
- No

1.6 Why did you implement a PEWS at the pediatric department?

- Because of the strict advice that was given in the SMS safety program in 2011
- After a severe incident at the pediatric department
- There is a need for better monitoring of the clinical course
- Different:

If NO then:

1.1 Are you planning to implement a PEWS at your pediatric department?

- Yes
- No

If YES then:

1.2 Which PEWSscore are you planning to implement at your pediatric department?

-
- A validated PEWS score

Which PEWS score?

- Brighton
- Bristol
- Yorkshire
- Parshuram
- Different:.....
- A non-validated PEWS score in use / made by another hospital

Which hospital?.....

- A non-validated PEWS score self-designed for our department

Designed by:

- A pediatrician of the department
- All the pediatricians of the department
- A pediatrician and an ER-doctor
- A pediatrician and a nurse
- A nurse
- Different:
- I don't know

2. Is there a PEWS score in use at your ER?

- Yes
- No

If YES then

2.1 Which PEWS score do you use at your ER?

- A validated PEWS score

Which PEWS score?

- Brighton
- Bristol
- Yorkshire
- Parshuram
- Different:.....

- A non-validated PEWS score in use / made by another hospital

Which hospital?

- A non-validated PEWS score self-designed for our department

Designed by:
