

Reviewer Report

Title: The genome of common long-arm octopus *Octopus minor*

Version: Revision 1 Date: 8/24/2018

Reviewer name: Yi-Jyun Luo

Reviewer Comments to Author:

In general, the authors ignored my comments and addressed that there is a need to reduce the analysis part for a Data Note. I can understand this consideration if that is an editorial policy of the journal. I have no further comments but some corrections for typos.

Page 6, Line 122 & Page 9, Line 234-236: CAFE is the acronym for "Computational Analysis of gene Family Evolution", but not "coffee" in French. Please replace the uppercase "E-acute" with the ordinary uppercase "E". Same for Table S6-S8.

Page 7, Line 159: The acronym "TE" suddenly appears without being spelled out in the main text.
