

OOM_1_2 vs *Pseudo-nitzschia* and *Cerataulina pelagica* OTUs

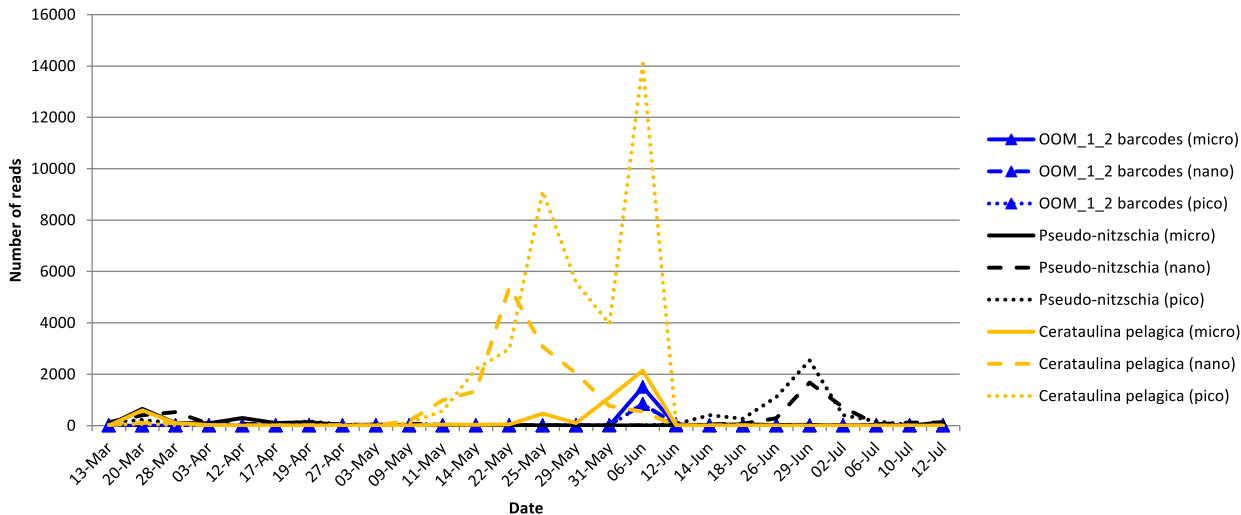

Fig S2 | Trend of *Pseudo-nitzschia* (black) and *Cerataulina pelagica* (yellow) OTUs in relation to the barcode associated to OOM_1_2 (blue). Solid lines indicate microplankton (> 20 μm), dashed lines nano plankton (20 – 3 μm) and dotted lines picoplankton (< 3 μm). Y axis indicates the read numbers whilst X axis indicates dates.
