

Thank you for sparing some time to complete this questionnaire. Please read these instructions before completing.

There are six separate questions. In each case you will be required to make a mark on a line to indicate your answer. Carefully draw a cross in black ink at a point along the line which you feel describes your own experience.

Below is an example question with a typical answer. This is not related to hearing and is included as a guide:

EXAMPLE:

How difficult is it for you to use a computer?

If you would like to add any comments about each question there is space for you to do so. You do not have to make comments if you do not want to.

If you have any queries please contact Phil Gomersall using the following:
