

Supplementary Online Content

Guo M, Appoo JJ, Saczkowski R, et al. Association of mortality and acute aortic events with ascending aortic aneurysm: a systematic review and meta-analysis. *JAMA Netw Open*. 2018;1(4):e181281. doi:10.1001/jamanetworkopen.2018.1281

eAppendix 1. Mean Initial Aneurysm Diameter and Growth Rate From the Included Articles

eAppendix 2. Incidences of Aortic Dissection or Rupture From the Published Articles

eAppendix 3. Incidences of Elective Aortic Surgery From the Published Articles

eAppendix 4. All-Cause Mortality From the Published Articles

This supplementary material has been provided by the authors to give readers additional information about their work.

eAppendix 1. Mean initial aneurysm diameter and growth rate from the included articles. TAV = tricuspid aortic valve; BAV = bicuspid aortic valve; FU = Follow-up

Author	Year	MEAN INITIAL ANEURYSM DIAMETER (cm)	GROWTH RATE
