

Figure S2. Disruption of *amrZ* in PAO1 does not alter Wzz2 or O antigen production. Wzz2 and serotype O5 antigen were monitored in each strain. PAO1 *amrZ::Tn* is a transposon mutant from the PAO1 library (1, 2). Samples were prepared and western blot was performed as described in Figure 1. Key: NM, nonmucoid; M, mucoid.
