RE: Authorship change for CIRCCQO/2018/004741R2

Dear Dr. Nallamothe,

As an original author on the paper "Predicting future cardiovascular events in patients with peripheral artery disease using electronic health record data", I am in agreement with the addition of Kenneth Jung, Phd as a co-author.

Sincerely,

A handwritten signature in black ink that reads 'N.H. Shah' with a horizontal line underneath.
