

Expression of Interest Questionnaire

| Trial Site Team | |
|---|--|
| Hospital Name & Trust | |
| Principal Investigator | |
| PI Email & phone number | |
| PI mailing address | |
| Co-Investigator(s) | |
| Co- Inv Email & phone number | |
| Research Nurse/Physio/CTO | |
| Researcher email & phone number | |
| Researcher address | |
| Extended Scope Practitioner (ESP) | |
| ESP email & phone number | |
| ESP address | |
| R&D Contact | |
| R&D email & phone number | |
| R&D address | |
| Please list any additional staff who will be involved in the STAR trial at your site including contact details. | |

Expression of Interest Questionnaire

| Screening, Recruitment & Intervention | |
|---|--|
| How many consultants in your Trust perform total knee replacements? | |
| How many primary total knee replacements are carried out in your trust per year? Please provide the source of this number. | |
| What is the current standard care package in your trust for patients following primary total knee replacement? | |
| What methods will you use to screen patients who have had a total knee replacement for osteoarthritis? (e.g. theatre lists, IT systems) | |
| How many clinical research studies are currently active in your orthopaedic department? | |
| Are there any conflicting studies in set up or actively recruiting? Please list study titles. | |
| How many clinical research studies is the PI currently involved in? Please list study titles. | |
| How many clinical research studies is/are the researcher(s) working on? (Please include studies in set-up, recruitment and follow-up). | |

Expression of Interest Questionnaire

| Excess Treatment Costs | |
|--|--|
| Do you have support from your R&D Department and the relevant clinical area to support excess treatment costs of up to £4000 per year? Please list the name and contact details of the relevant staff. | |

| Study Team | |
|--|--|
| This study involves home visits for recruitment consultations with potential participants. Are the local research team able to be mobile to perform home visits? <i>Please describe and include any experience the study team have undertaking home visits and any lone worker policies.</i> | |
| How much time (in WTE) is available for research staff to screen and recruit for STAR? | |
| Who is the named Orthopaedic Knee Consultant who will provide clinic oversight for the STAR Trial? | |
| Is an Extended Scope Practitioner (ESP) clinician available to deliver the STAR intervention and follow-up calls? This involves approximately 1-2 STAR clinics per month at up to four hours per clinic. | |
| Is the ESP willing to attend an intervention training day in Bristol? Travel expenses will be reimbursed. | |

Expression of Interest Questionnaire

Clinical Facilities

| | |
|---|--|
| Is clinic space available for a twice monthly STAR clinic? | |
| Are facilities available to perform the required radiographs during STAR clinics? | |
| Are trained staff available in clinic to draw bloods? | |

Space and Equipment:

| | |
|--|--|
| Does the study team have dedicated separate room/office for clinical research | |
| Does the site have space for storage of study related materials? | |
| Does the site have space available for Sponsor monitoring visits? | |
| Does the site have space for Archival of data after completion of trial? | |
| Does the site have dedicated cupboard/filing cabinet for study document storage (CRFs, participant study folders)? | |
| Does the research team have a dedicated phone line which can be used as a point of contact for STAR participants? | |
| Does the research team have regular access to a scanner/photocopier? | |
