

Figure S1

Reconstruction rate in parents

- PopPoly
- TriPoly
- H-PoP
- SDhaP

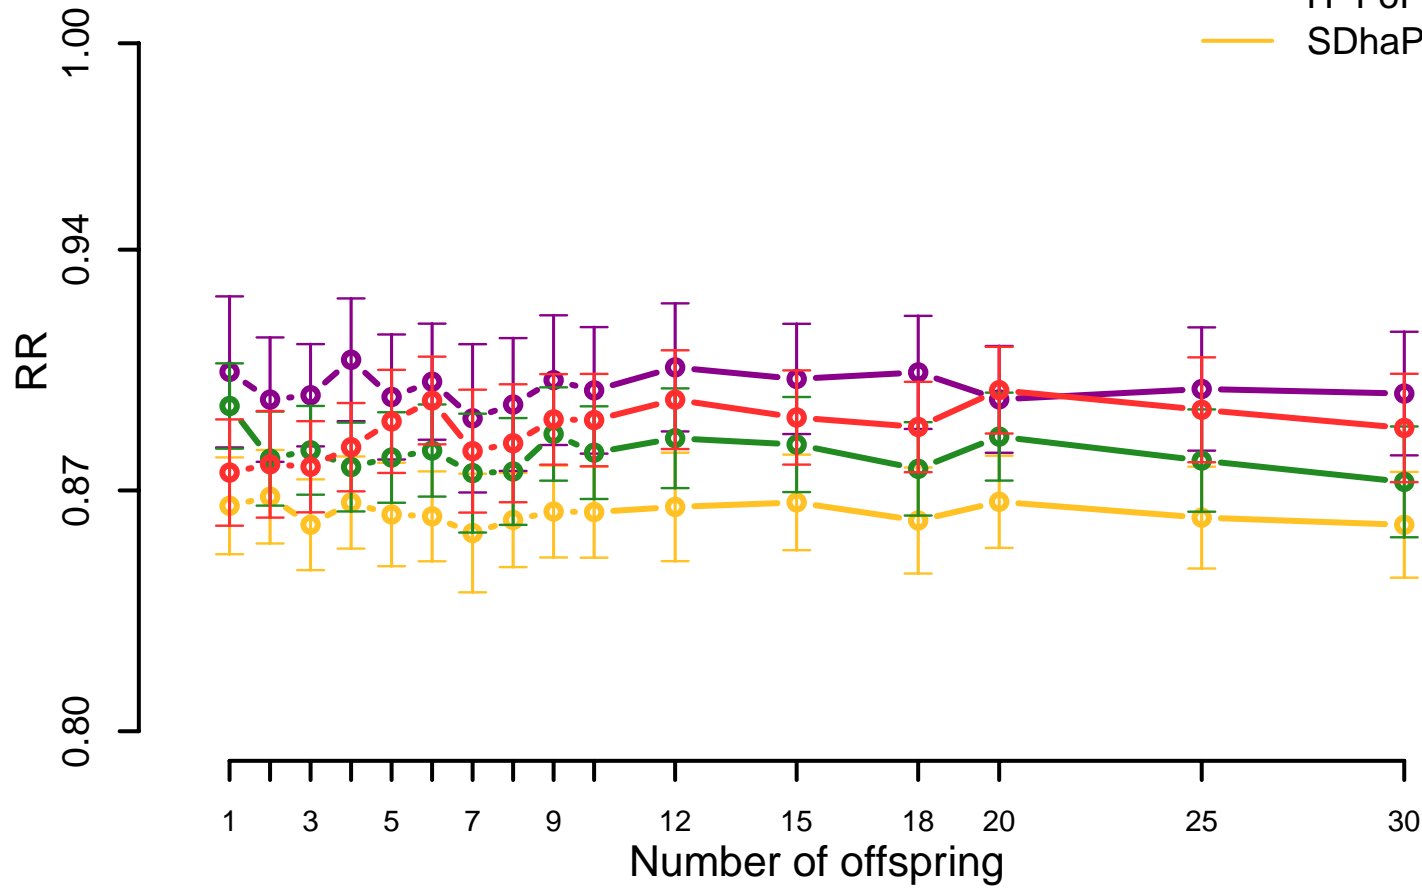

Figure S2

Pairwise-phasing accuracy rate in parents

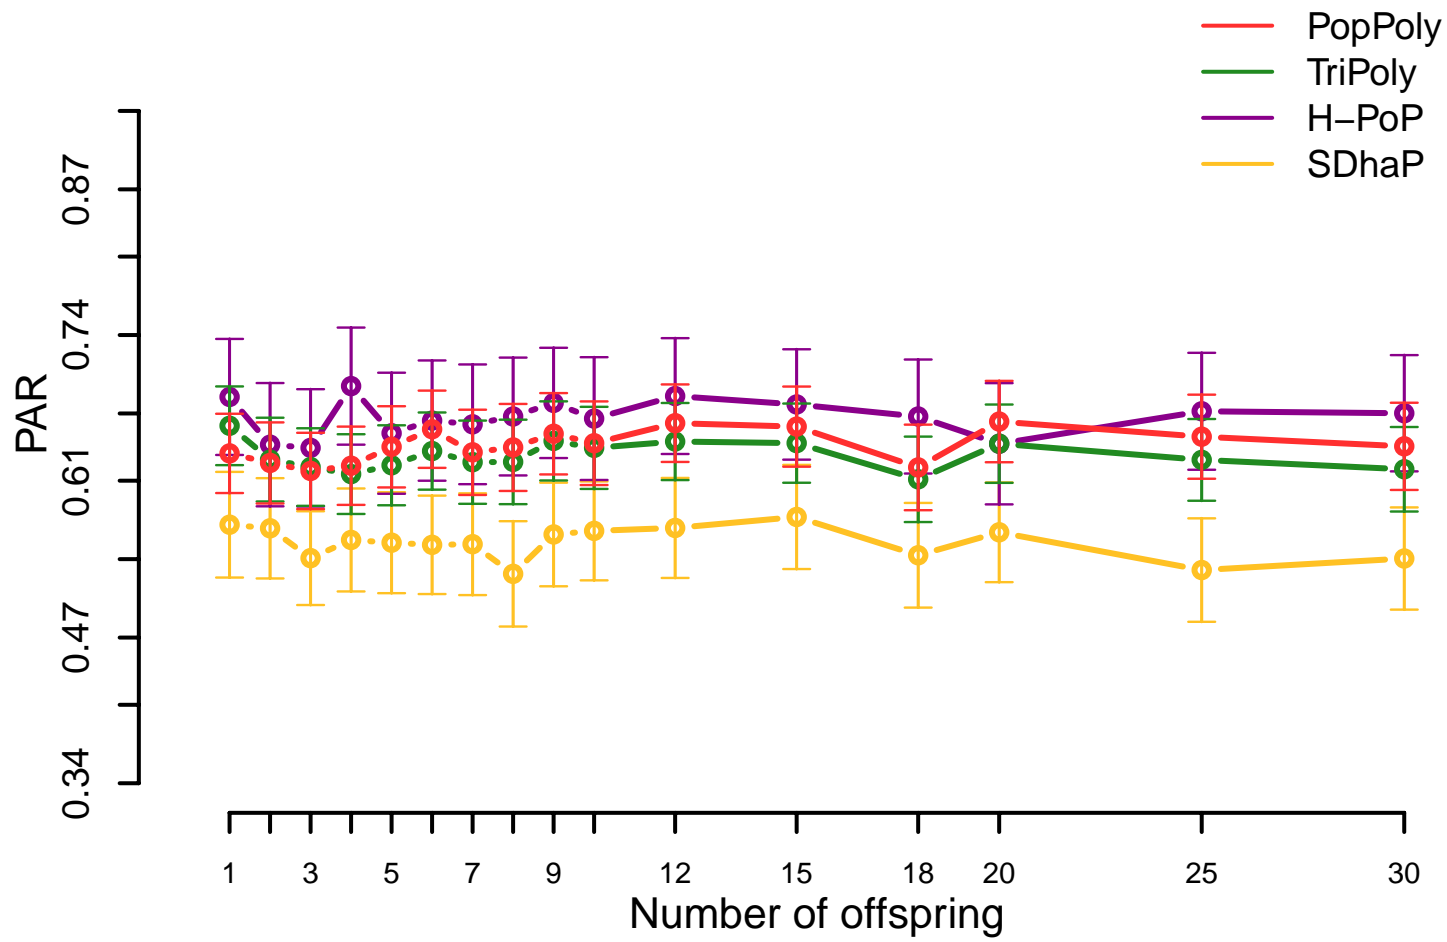

Figure S3

Pairwise-phasing accuracy rate in population with 2 offspring

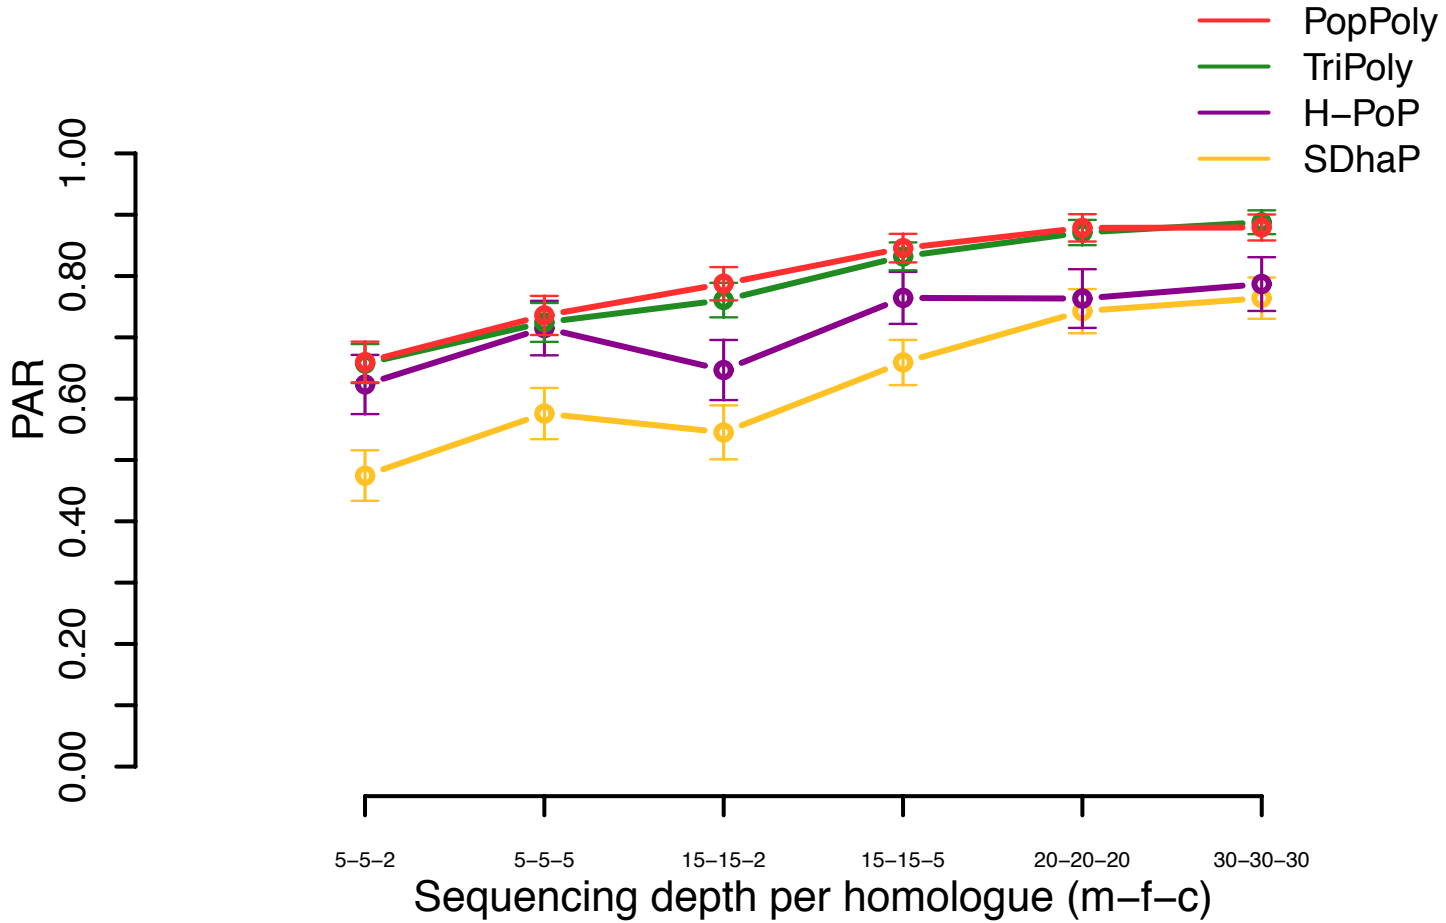

Figure S4

Pairwise-phasing accuracy rate in population with 6 offspring

Figure S5 Pairwise-phasing accuracy rate in population with 10 offspring

Figure S6

Reconstruction rate in population with 2 offspring

Figure S7

Reconstruction rate in population with 6 offspring

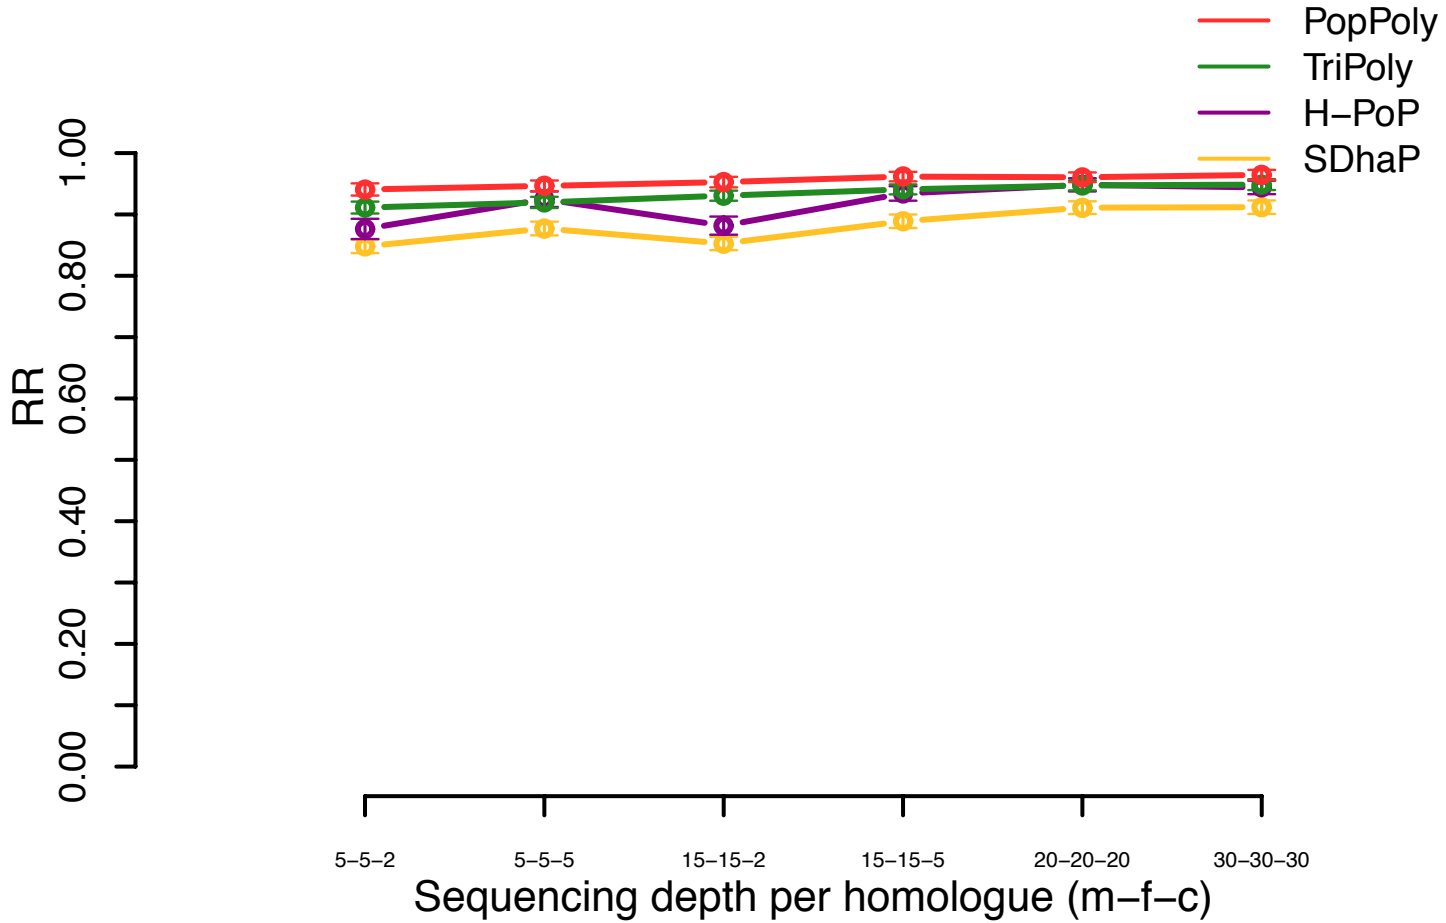

Figure S8

Reconstruction rate in population with 10 offspring

Figure S9

SNP missing rate in population with 2 offspring

Figure S10

SNP missing rate in population with 6 offspring

Figure S11

SNP missing rate in population with 10 offspring

Figure S12

Incorrect dosage rate in population with 2 offspring

Figure S13

Incorrect dosage rate in population with 6 offspring

Figure S14

Incorrect dosage rate in population with 10 offspring

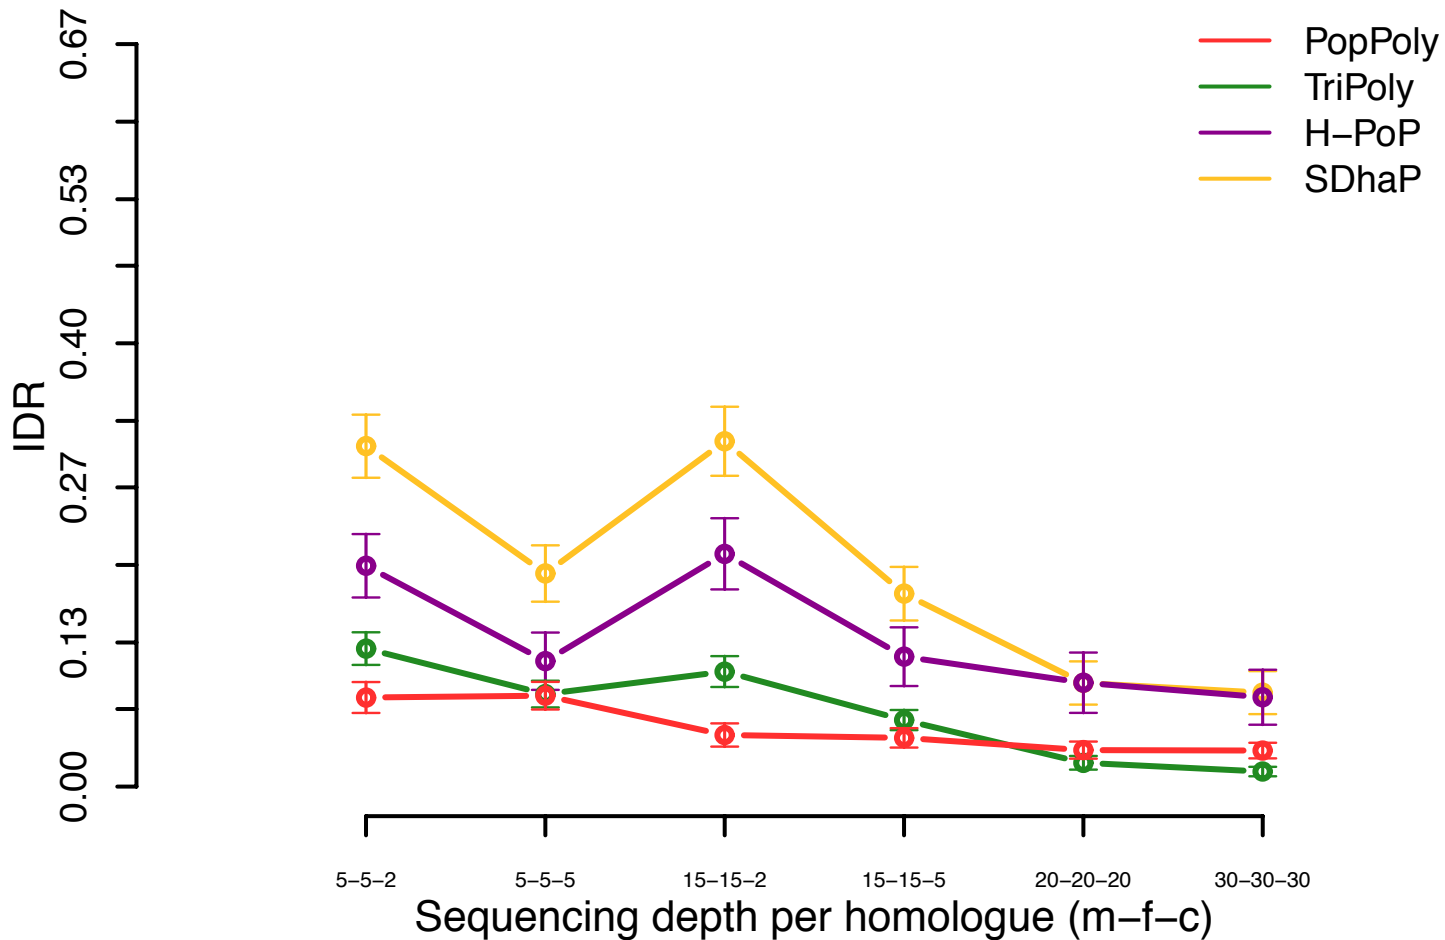

Figure S15

Number of gaps per SNP in population with 2 offspring

Figure S16

Number of gaps per SNP in population with 6 offspring

Figure S17

Number of gaps per SNP in population with 10 offspring

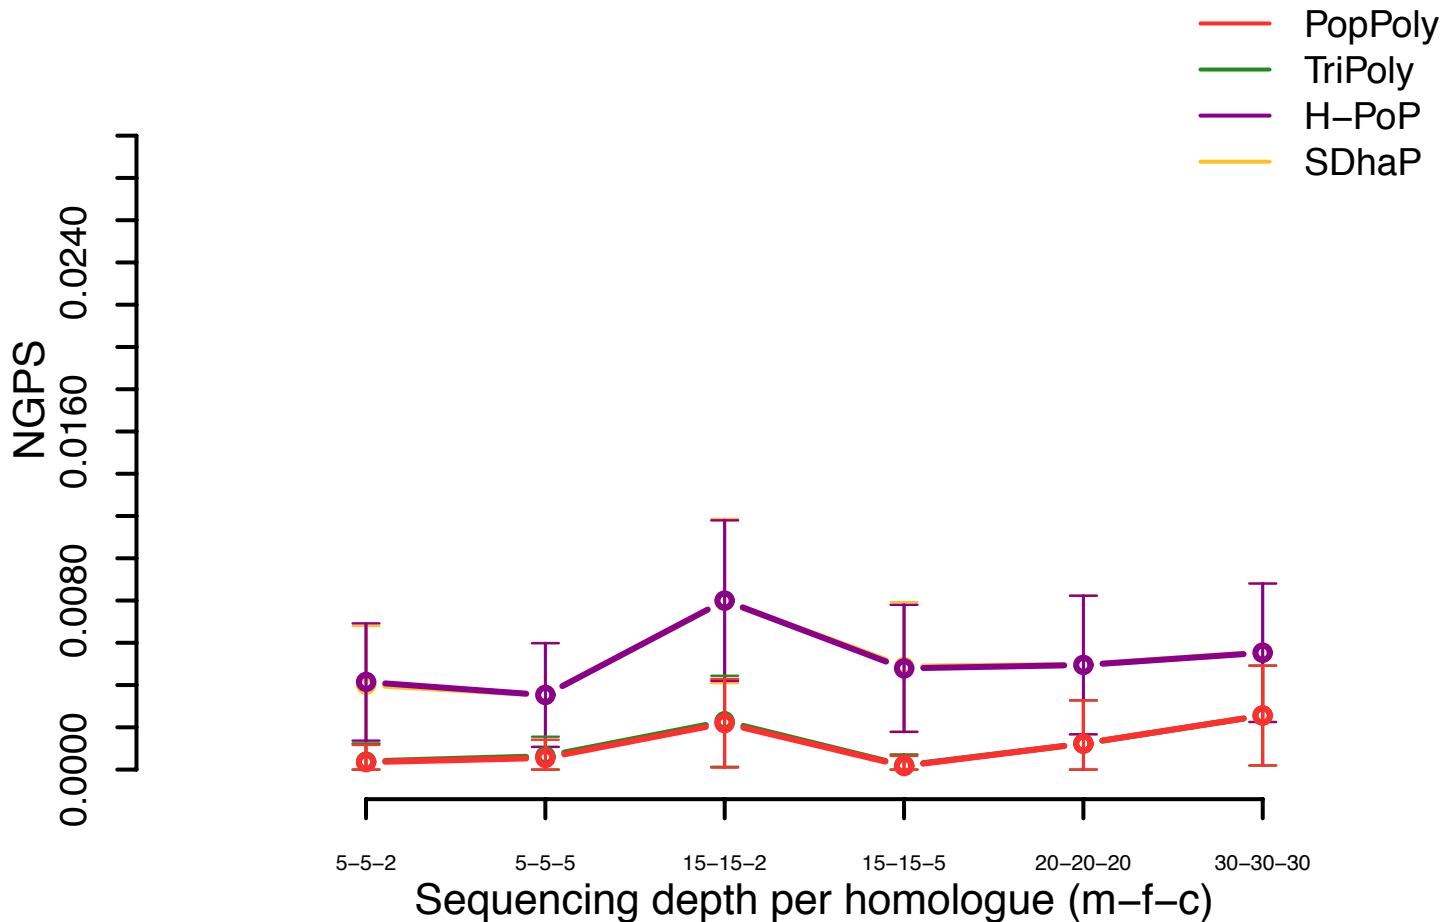

Figure S18

PopPoly genotypes vs. KASP genotypes
