

Participating Ministries, Agencies, and Organizations at One Health systems assessment meetings and workshops

Disease Prioritization Meeting (13 November, 2015)

Ministry/Institution	Department/Division (if applicable)	Number of Representatives
Carlin Communications (GWU consultant)	--	1
George Washington University (GWU)	Milken Institute School of Public Health	5
Ministry of Environment	Department of Water and Forests	1
Ministry of Environment	Office of Parks and Reserves (OGUIPAR)	1
Ministry of Health	National Public Health Institute (INSP)	1
Ministry of Health	National Directorate for Communicable Diseases	1
Ministry of Livestock	Central Veterinary Diagnostic Laboratory (LCVD)	2
Ministry of Livestock	National Directorate for Veterinary Services (DNSV)	2

Workshop 1 (24 November, 2015)

Note: The One Health systems assessment information gathering took place as a working group discussion on Day 2 of a larger, three-day workshop hosted by the research team in collaboration with the National Public Health Institute of Guinea, related to strengthening national disease detection and laboratory capacity. One Health issues related to laboratory capacity, and particularly diagnosis of priority zoonotic diseases, were discussed throughout the three-day workshop. Entities/organizations that took part specifically in the One Health systems assessment information gathering working group discussion are highlighted in bold.

Organization/Institution	Department/Division (if applicable)	Number of Representatives
Agence Française de Développement	--	1
Agence de Médecine Préventive (AMP)	--	2

Alliance for International Medical Action (ALIMA)	--	1
Association of Public Health Laboratories (APHL)	--	1
Boke Regional Hospital	--	1
