

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: Altered Treg signature genes in 14 week-old Tet2/3 DKO Tregs

File Name: Supplementary Data 2

Description: Differentially expressed genes involved in different pathways (pooled spleen and pLNs)

File Name: Supplementary Data 3

Description: Differentially expressed genes involved in different pathways (mLNs)

File Name: Supplementary Data 4

Description: CDR3 sequences for Treg cells and CD4+ T cells from periphery

File Name: Supplementary Data 5

Description: CDR3 sequences for Treg cells and CD4+ T cells from mLNs
