

International Classification Diseases 10th version Codes

Code	Detail
I21	Acute myocardial infarction
I22	Subsequent myocardial infarction
I23	Certain current complications following acute myocardial infarction
I24	Other acute ischaemic heart diseases

Common Classification of Medical Procedures Codes

Code	Detail
DDAF001	Intraluminal dilatation of a coronary vessel without stenting, transcatheter arterial
DDAF003	Intraluminal dilatation of 3 or more coronary vessels with stenting, transcatheter arterial
DDAF004	Intraluminal dilatation of 2 coronary vessels with stenting, transcatheter arterial
DDAF006	Intraluminal dilatation of a coronary vessel with stenting, transcatheter arterial
DDAF007	Intraluminal dilatation of 2 coronary vessels with coronary arteriography with stenting, transcatheter arterial
DDAF008	Intraluminal dilatation of a coronary vessel with coronary arteriography with stenting, transcatheter arterial
DDAF009	Intraluminal dilatation of 3 or more coronary vessels with coronary arteriography with stenting, transcatheter arterial
DDAF010	Intraluminal dilatation of a coronary vessel with coronary arteriography without stenting, transcatheter arterial
DDFF001	Intraluminal coronary artery atherectomy by rotational method, transcatheter arterial
DDFF002	Intraluminal coronary artery atherectomy by directional method, transcatheter arterial
