

Physician Questionnaire

Physicians were asked the following questions after each ICM insertion procedure:

1. How well did your Subject respond to having their Reveal LINQ™ insertion procedure today?
2. Was the procedure delayed past its scheduled start time by more than 15 minutes?
3. Estimate of your physician work time related to pre-service period for this subject
4. Estimate of your physician work time related to post-service period for this subject
5. Please rate your convenience of using this facility today for the Reveal LINQ™ procedure, compared to your standard facility.
6. How satisfied were you with performing this procedure in this environment of care?
