# Aneuvis Visualizations Report
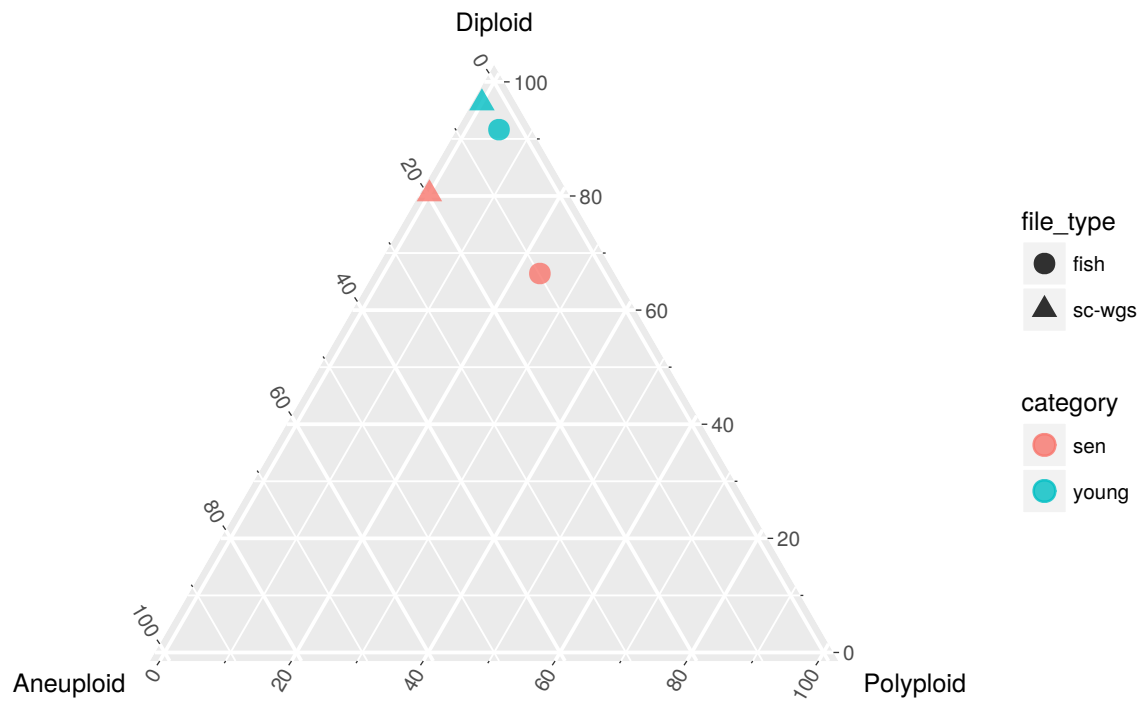

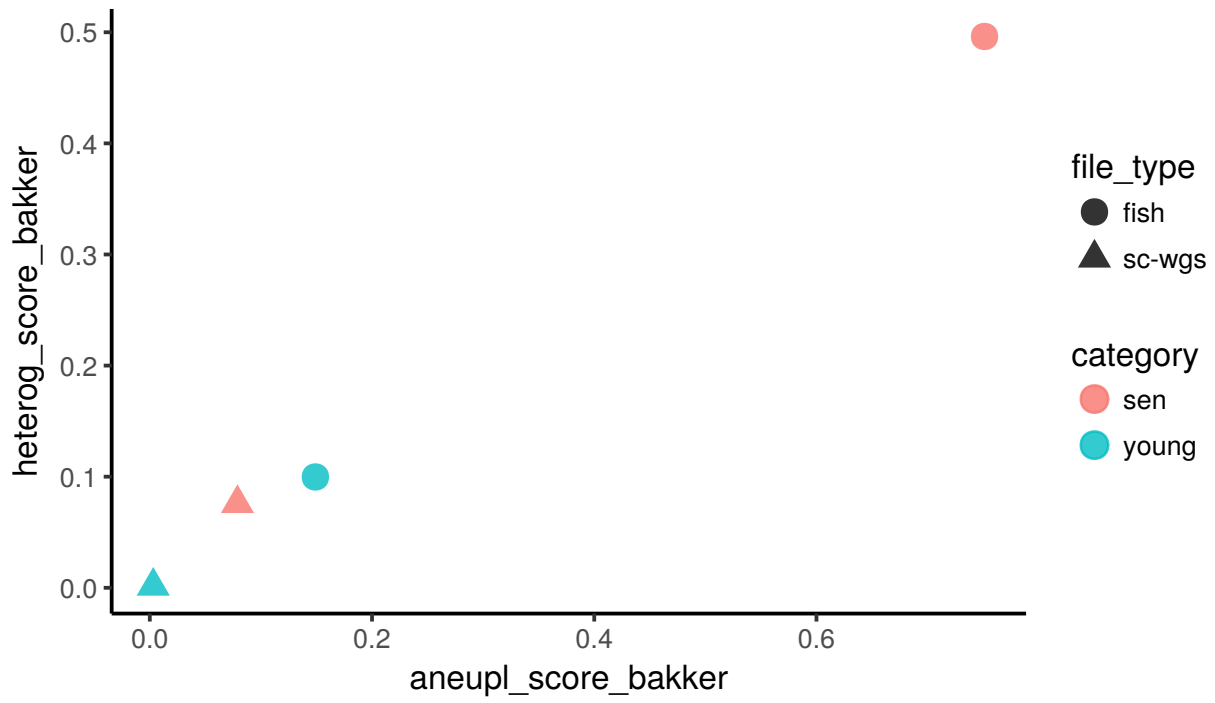

*aneuvis 0.7*

*November 26, 2018*

This report was automatically generated from Aneuvis, a web tool for analyzing chromosomal number variation in single cells. Aneuvis summarizes chromosomal copy number data from 3 potential sources: FISH, SKY, and WGS.
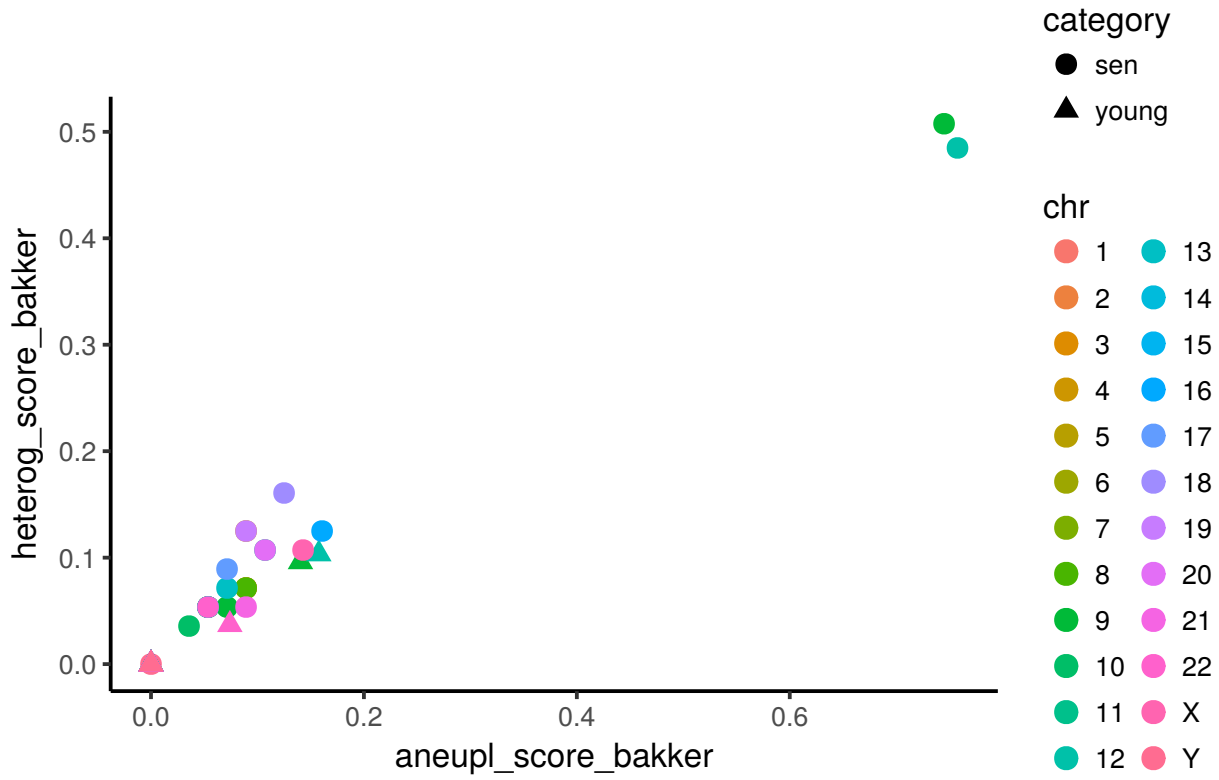

## Scores by Group

# Aneuploidy vs. Heterogeneity Scatterplots

**Scores by Group**

# Scores by Group and Chromosome

# Datatype-specific plots

## sc-WGS heatmap

## SKY heatmap

```
