

Figure S1. Expression of TCF21 in THP-1 cells without ox-LDL treatment. A. expression of miR-30-5p was validated using qRT-PCR. B. expression of TCF21 was measured using western blot. **indicated $p < 0.01$ vs. NC.

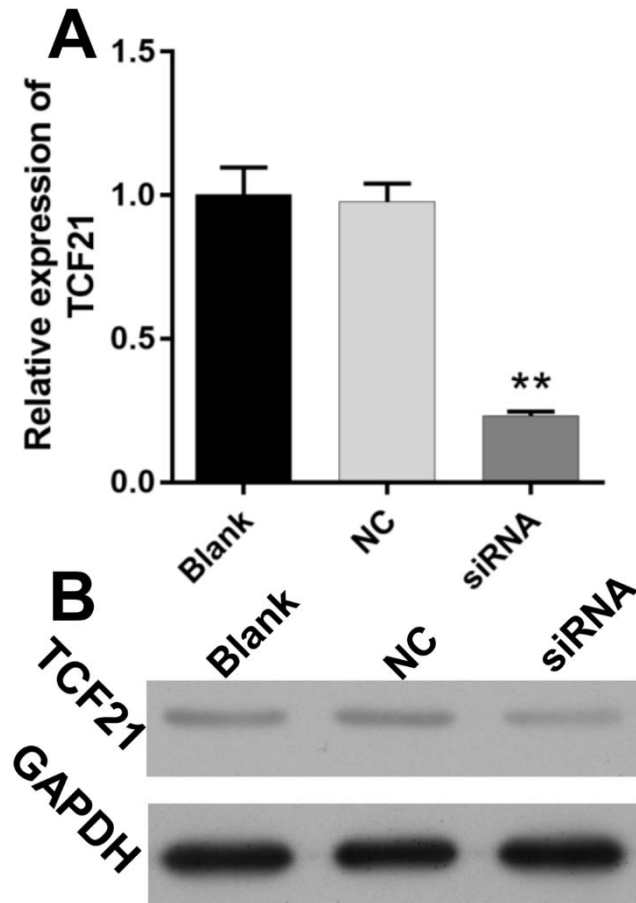

Figure S2. Expression of TCF21 in THP-1 cells without ox-LDL inducing. A. Effect of siRNA targeting TCF21 was confirmed using qPCR (A) and Western blot. **indicated $p < 0.01$ vs. NC.
