

Figure S1. Concentration time curves of pravastatin and 3 α -hydroxy pravastatin after oral administration of pravastatin and placebo or pravastatin plus cyclosporine (CSA). The top panel of figures shows levels of pravastatin plus 3 α -hydroxy pravastatin; the middle panel shows levels of pravastatin alone and the bottom panel shows levels of 3 α -hydroxy pravastatin following administration of pravastatin plus placebo and pravastatin plus CSA. Individual figures are presented by genotype group, *SLCO1B1* c.521-TT, *SLCO1B1* c.521-TC and *SLCO1B1* c.521-CC.
