

Reviewer	Study ID	Author	Study Name
Reviewer's initials	Number assigned to each article/study (e.g., 001, 002)	First author's surname	Write the full name of the study or article.

	State the exclusion criteria for the study, or state "none."	State the inclusion criteria for the study.	Type of publication Publication Type\$1	If PubTyp = 3, give details. Publication Type\$2
Year of publication	"none."			
Publication Date	Exclusion Criteria	Inclusion Criteria	Type\$1	Type\$2

Detail any other publications linked to the study (e.g. papers describing methods, additional analyses)	Assumed sex of the first author based on first name	Language of Publication	Language of Publication	List all countries in which the study was conducted	Country(ies) income group
Other Publications	First Author's Sex	Publication	Language of Publication	Country	Country Income Group

			Give specific detail for previous response (e.g. Santillana district (17 villages, 6158 inhabitants). Provide name if only one location unit.	What was the main identifying characteristic of the population/group/stratum targeted?
World region(s)	State the primary or main objective(s)/aim(s) of the study	At which geographical level did the study occur?	Geographic Level\$2	Study Population\$1
World Region	Study Objective	Geographic Level\$1	Geographic Level\$2	Study Population\$1

Give specific detail for previous response (e.g., Hispanic American; urban poor; Muslim population). Use author's words (with quotation marks)	Did the study report on the outcome 'costs of abortion-related care?'	At which level(s) did the study report on the outcome 'costs of abortion-related care': micro, meso, or macro?	In the author's words, include the text describing the definition and/or methodology used for the outcome 'costs of abortion-related care.'	Report, by level, all outcome data for 'costs of abortion-related care.'
