

Description of Additional Supplementary Files

File name: Supplementary Data 1

Description: List of mRNAs that are highly regulated in the liver of 16-h fasted mice (| Log_2 (Fasted vs. *Ad libitum*) | \cong 3).

File name: Supplementary Data 2

Description: List of mRNAs that are conserved in the liver of mice subjected to refed (| Log_2 (Refed vs. *Ad libitum*) | \cong 0.5).

File name: Supplementary Data 3

Description: List of mRNAs that are highly regulated in the liver of mice subjected to DD (Log_2 (CT Peak vs. Nadir) \cong 2).
