Subject: Cover Letter for *article* re-submission

Dear Editor,

With this cover letter I am re-submitting our manuscript entitled **“Deciphering the variability in Mg/Ca and stable oxygen isotopes of individual foraminifera”** for evaluation for publication in *Paleoceanography and Paleoclimatology*.

We have incorporated most of the requested changes of the reviewers explaining and commenting to them in the Response Letter. The reviews have significantly assisted to improve the manuscript and we hope it is close now to being accepted for publication with *P&P*. In this re-submission we have included a file with the initially submitted manuscript with all changes marked in it, a new clean manuscript file, the response letter, supporting information and the figures.

We look forward to your evaluation and see our manuscript fit for publishing with *Paleoceanography and Paleoclimatology*.

Yours sincerely,
Dr. Jeroen Groeneveld (on behalf of the co-authors*)
