

A

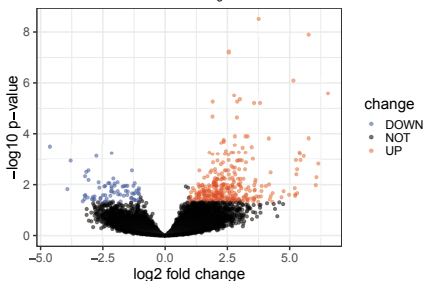

GSE4183 DEG screening CRC vs Normal

The number of up gene is 1725
The number of down gene is 441

**B**

GSE10714 DEG screening CRC vs Normal

The number of up gene is 347
The number of down gene is 78

**C**

GSE68306 DE-miRNA screening CRC vs Normal

The number of up gene is 1
The number of down gene is 3
