

Editorial Note: This manuscript has been previously reviewed at another journal. This document only contains reviewer comments and rebuttal letters for versions considered at *Communications Biology* .

REVIEWERS' COMMENTS:

Reviewer #1 (Remarks to the Author):

Authors have adequately addressed my concerns. I have no issues with it and recommend accept by *Communications Biology*.

Reviewer #2 (Remarks to the Author):

I think the authors have adressed all my previous concerns appropriately. I do think the manuscript has improved substantially and I am happy to see it in press.
