

Title: Supplementary Data 1.

Description: 25 significantly associated genomic regions in meta-analysis of GERD

Title: Supplementary Data 2.

Description: LD hub results

Title: Supplementary Data 3.

Description: Gene ATLAS result

Title: Supplementary Data 4.

Description: Drugs in clinical trials

Title: Supplementary Data 5.

Description: MAGAMA gene based test results

Title: Supplementary Data 6.

Description: MetaXcan gene based test results

Title: Supplementary Data 7.

Description: Gene set enrichment analysis using DEPICT

Title: Supplementary Data 8.

Description: GERD GWAS after excluding BE/EA cases
