

**Supplementary File 3** Data extraction form

<b>Timestamp</b>	
Study ID (sid):	
Coders Initials (coderid):	
Date Coded (date):	
Author(s) (author):	
Funder (funder):	
Publication date (pubdate):	
Country (country):	
Start date of study (startdate):	
Start date of study (enddate):	
Publication Type (pubtype):	
Name of Program (pname):	
Location of program (plocale):	
Region (preion):	
Target population (targetpop):	
Type of key population (kptype):	
Focus on young population or not (yth):	
Study design (design):	
Nature of Comparison Group (compgroup):	
Sample size (sampsize):	
Type of sampling (samptype):	
Outcome Category (out1cat):	
Outcome1 name (out1name):	
Type of information (outtype):	
Source of Information (outsource):	
Measure/Indicator of Outcome (measure):	

Were there any differences in measurement of this outcome between the group participants and the comparison?	
Direction of Effect (esdir):	
Effect is statistically significant (essig)?:	
Intermediate outcomes or themes (knowledge, skills):	
Participants views (views):	
Themes (mtheme):	
Subthemes (sttheme):	
Outcome2 name (out2name):	
Outcome3 name (out3name):	
Outcome4 name (out4name):	
Other Outcomes	
Outcome name (outname):	
Outcome name (outname):	
Are empowerment, inclusion or agency included as part of the program or intervention (which includes trying to capture or change experiences of stigma, harmful gender norms, rights around gender based-violence, policy barriers)?	
Are any measures of empowerment, inclusion or agency included in the outcomes (which includes experiences of stigma, harmful gender norms, rights around gender based-violence, policy barriers)?	
Type of Intervention (inttype)	
Brief Description of the Intervention	
Brief Description of Results
