Supplement Table 1. Clinical information of infant donors for CDCs isolation

Sex	Age (month)	Weight (kg)	Disease	Source area
male	5	8	Tetralogy Of Fallot	Right Ventricular outflow
male	5	6.9	Tetralogy Of Fallot	Right Ventricular outflow
male	5	7.2	Tetralogy Of Fallot	Right Ventricular outflow
male	5	4.9	Tetralogy Of Fallot	Right Ventricular outflow
male	6	6.2	Tetralogy Of Fallot	Right Ventricular outflow
male	6	8.4	Tetralogy Of Fallot	Right Ventricular outflow
male	8	7	Tetralogy Of Fallot	Right Ventricular outflow
male	8	7	Tetralogy Of Fallot	Right Ventricular outflow
male	8	6	Tetralogy Of Fallot	Right Ventricular outflow
male	17	8.6	Tetralogy Of Fallot	Right Ventricular outflow
male	18	8	Tetralogy Of Fallot	Right Ventricular outflow
male	24	9.3	Tetralogy Of Fallot	Right Ventricular outflow
male	24	10	Tetralogy Of Fallot	Right Ventricular outflow
male	24	7.7	Tetralogy Of Fallot	Right Ventricular outflow
male	12	8.2	Tetralogy Of Fallot	Right Ventricular outflow
male	10	7.3	Pulmonary Atresia	Right Ventricular outflow
male	24	9.3	Pulmonary Atresia	Right Ventricular outflow
femal	10	7.6	Pulmonary Atresia	Right Ventricular outflow
femal	6	5.5	Pulmonary Stenosis	Right Ventricular outflow
femal	9	6.3	Pulmonary Stenosis	Right Ventricular outflow
femal	24	9.3	Pulmonary Stenosis	Right Ventricular outflow
