Question Text	Type	Question Header	Question Validation	Answer Text	Answer Header	Answer Validation
Is the text available in English?		Is the text available in English?		Yes	Yes	
				No	No	
Based on the title and abstract, is the article relevant?		Based on the title and abstract, is the article relevant?		Yes	Yes	
				No	No	
What year was the study conducted?		What year was the study conducted?				
What year was the study published?		What year was the study published?				
What was the source of the study?		What was the source of the study?		Journal	Journal	
				Conference Proceedings/Abstract	Conference Proceedings/Abstract	
				Government Report	Government Report	
				Website	Website	
				Thesis	Thesis	
				Editorial	Editorial	
				Textbook	Textbook	
				Other	Other	
Which country/countries was the study conducted in?		Which country/countries was the study conducted in?		Country/Countries	Country/Countries	
				If Canada, Which province	If Canada, Which province	
Was this article:		Was this article:		Primary research	Primary research	
				Review article	Review article	
				Editorial	Editorial	
				Secondary research	Secondary research	
If secondary research, was it:		If secondary research, was it:		Quantitative	Quantitative	
				Qualitative	Qualitative	
				Mixed Methods	Mixed Methods	
If primary research, was it:		If primary research, was it:		Mixed methods	Mixed methods	
				Quantitative	Quantitative	
				Qualitative	Qualitative	
If quantitative (or mixed methods), was it:		If quantitative (or mixed methods), was it:		Observational	Observational	
				Experimental	Experimental	
				Both	Both	
If quantitative (or mixed methods), what was the study design?		If quantitative (or mixed methods), what was the study design?		Cross-sectional	Cross-sectional	
				Cohort	Cohort	
				Case-control	Case-control	
				RCT	RCT	

If observational, was it:	If observational, was it:	Descriptive	Descriptive
		Hypothesis testing	Hypothesis testing
		Both	Both
If descriptive (or both), was it:	If descriptive (or both), was it:	Evaluative: attitudes, stigma, etc	Evaluative: attitudes, stigma, etc
		Estimating an outcome	Estimating an outcome
		Development/modification of a diagnostic criteria	Development/modification of a diagnostic criteria
if it was hypothesis testing, (or both) was it:	if it was hypothesis testing, (or both) was it:	Evaluative an intervention	Evaluative an intervention
		Identifying risk factors	Identifying risk factors
		Evaluation/validation of diagnostic criteria	Evaluation/validation of diagnostic criteria
If it was experimental/intervention, was it:	If it was experimental/intervention, was it:	Drugs	Drugs
		Behaviour modification	Behaviour modification
		Psychotherapy	Psychotherapy
		Health measures	Health measures
		Other	Other
If qualitative (or mixed methods), was it:	If qualitative (or mixed methods), was it:	Phenomenology	Phenomenology
		Grounded theory	Grounded theory
		Ethnographic	Ethnographic
		Case study	Case study
		Biography	Biography
		Other	Other
Does the study describe a mental health service?	Does the study describe a mental health service?	No	No
		Yes	Yes
Who was included in the study population (check all that apply)?	Who was included in the study population (check all that apply)?	Animal farmers	Animal farmers
		Plant agriculture farmers	Plant agriculture farmers
		Permanent farm workers	Permanent farm workers
		Migrant farm workers	Migrant farm workers
		Farm families	Farm families
		Not specified	Not specified
		Other:	Other:
If animal farmers, which commodity (check all that apply):	If animal farmers, which commodity (check all that apply):	Swine	Swine
		Beef	Beef
		Dairy cattle	Dairy cattle
		Small ruminants: meat or dairy	Small ruminants: meat or dairy
		Poultry	Poultry
		Aquaculture	Aquaculture
		Other	Other
If plant agriculture, which commodity (check all that apply):	If plant agriculture, which commodity (check all that apply):	Crops	Crops
		Horticulture	Horticulture
What outcome(s) were measured (check all that apply):	What outcome(s) were measured (check all that apply):	Suicide/suicide ideation/suicide attempt	Suicide/suicide ideation/suicide attempt

			Depression	Depression	
			Anxiety	Anxiety	
			Stress/stressors	Stress/stressors	
			Mortality	Mortality	
			Burnout	Burnout	
			Resilience	Resilience	
			Not specified	Not specified	
			Other	Other	
What year did the service become available?	What year did the service become available?				
Is the service still available?	Is the service still available?		Yes	Yes	
			No	No	
If the service is no longer available, why (check all that apply)?	If the service is no longer available, why (check all that apply)?		Funding	Funding	
			Lack of use	Lack of use	
			Other resource issue	Other resource issue	
			Not stated	Not stated	
			Other	Other	
Is the service informational or interventional?	Is the service informational or interventional?		Informational	Informational	
			Interventional	Interventional	
			Both information and intervention	Both information and intervention	
			Other	Other	
If informational, how was it delivered?	If informational, how was it delivered?		Website	Website	
			Emailed directly to user	Emailed directly to user	
			Mail	Mail	
			In person	In person	
			Other	Other	
			Not Specified	Not Specified	
How was the intervention delivered (check all that apply):	How was the intervention delivered (check all that apply):		In person	In person	
			Online	Online	
			Telephone	Telephone	
			Other	Other	
Who developed the service (check all that apply):	Who developed the service (check all that apply):		Government	Government	
			Physicians	Physicians	
			Community members	Community members	
			Farmers	Farmers	
			Non-profit/NGO	Non-profit/NGO	
			Industry	Industry	
			Other	Other	
If a governmental agency, was it (check all that apply):	If a governmental agency, was it (check all that apply):		Local/municipal	Local/municipal	
			Provincial/state	Provincial/state	
			National	National	

Who delivered the service (check all that apply):	Who delivered the service (check all that apply):	Government	Government
		Physicians	Physicians
		Community members	Community members
		Farmers	Farmers
		Non-profit/NGO	Non-profit/NGO
		Industry	Industry
		Other	Other
If a governmental agency, was it (check all that apply):	If a governmental agency, was it (check all that apply):	Local/municipal	Local/municipal
		Provincial/state	Provincial/state
		National	National
Who funds the service (check all that apply)?	Who funds the service (check all that apply)?	Government	Government
		Private: specify	Private: specify
		Industry	Industry
		Non-profit/NGO	Non-profit/NGO
		Other	Other
If a governmental agency, was it (check all that apply):	If a governmental agency, was it (check all that apply):	Local/municipal	Local/municipal
		Provincial/state	Provincial/state
		National	National
Is the service permanent?	Is the service permanent?	Yes	Yes
		No	No
		Other	Other
Has the service been evaluated?	Has the service been evaluated?	Yes	Yes
		No	No
