

S2 Table. binding proteins were identified by pull-down assays.

Protein ID	Protein Description	Sequence coverage*
PA3790	Putative copper transport outer membrane porin OprC precursor	172
PA0588	Conserved hypothetical protein	31
PA1596	Heat shock protein HtpG	16
PA4265	Elongation factor Tu	12
PA0688	Low-molecular-weight alkaline phosphatase A, LapA	10

*: **Sequence coverage > 10.**
