

Multimedia Appendix: List of studies excluded at full-text appraisal, with reasons

Exclusion Code	Reason
1	Does not address electronic PGHD in accordance with study's definition and in sufficient detail, as outline by study's eligibility criteria
2	Does not address primary prevention and health promotion in accordance with the study's defined scope
3	Does not describe patient involvement/tasks or provider responsibilities/ or technology functions
4	Does not address an adult population
5	Is not written in English or German
6	Is not a primary study
7	Is an intervention duplication
8	Is not published between 01.01.2003 and 31.01.2018
