

Supplemental Table for:
Predicting Chemotherapy Toxicity and Death in Older Adults With Colon Cancer: Results of MOST Study
Frederique Retornaz et al.

Supplemental Table S1 : Ability of the stratified risk score to predict chemotherapy toxicity

Risk score	No toxicity		Toxicity		P < 0.0001
	n	%	n	%	
0-3 (low)	30	77	9	23	
4-8 (mid)	9	26	26	74	
9-13 (high)	3	18	14	82
