

*Supplementary Material*

**Supplementary Figure S5.** Analysis of PARC6-GFP localization in leaf cells. **(A, B)** Images of chloroplasts in leaf petioles of 2-week-old seedlings of *parc6-4* complementation lines. Images of full-length PARC6-GFP and DIC in cortex cells are shown. Scale bar: 10  $\mu\text{m}$  **(A)** and 5  $\mu\text{m}$  **(B)**.
