

District Performance & Scorecard of Key PH Indicators.

Annual Performance Review 2017.

Introduction

- A **'League of District Performance'** is illustrated for each indicator followed by a **'Performance Gauge'** (PG). The PG as depicted below shows district performance for selected indicators based on a grading system **'A-E'** and scored **'5-1'** respectively. The table then ends with a **'League Table of the Overall Performance'** for the year 2017.

Methodology

- 17 core PH indicators are selected for assessment as a “League of District Performance”.
- Assessment is based on guidelines used by National to assess regions.
- Each indicator is assessed based on its own Performance Gauge
- Scores were assigned and aggregated to arrive at marks/positions for each quarter
- The range of scores spans
 - 5 Excellent Deep Green
 - 4 Very Good Light Green
 - 3 Good Yellow
 - 2 Satisfactory Orange
 - 1 Unsatisfactory Red
- The total marks for the year is an aggregate for the 4Q’s.
- The average for each district is the total marks for the year divided by 4.
- The average number determines the position of the District.

Methodology cont;

Performance Gauge (PG)

Indicator				
Best range				Least
A	B	C	D	E
Excellent	Very Good	Good	Satisfactory	Unsatisfactory
