Title: Supplementary Dataset 1
Description: Read counts of all screens in this study.

Title: Supplementary Dataset 2
Description: Gene-level analysis of all screens using the Brunello library.

Title: Supplementary Dataset 3
Description: Gene-level analysis of all screens using the Gattinara library.

Title: Supplementary Dataset 4
Description: Gene-level analysis of all screens using the secondary library.

Title: Supplementary Dataset 5
Description: Collation of gene sets used in this study
