

Supplemental Figure for:

Prevalence of NRAS mutation, PD-L1 expression/amplification and overall survival analysis in 36 primary vaginal melanomas
Fang Wang et al.

Supplementary Figure 1. Sequencing electropherograms of mutated genes for *NRAS* with p.Q61P (a) and p.Q61R mutations (b), *KIT* with p.V559D mutation (c), and *TERT* with c.C250T mutation (d).
