

Supplementary information, Figure S6

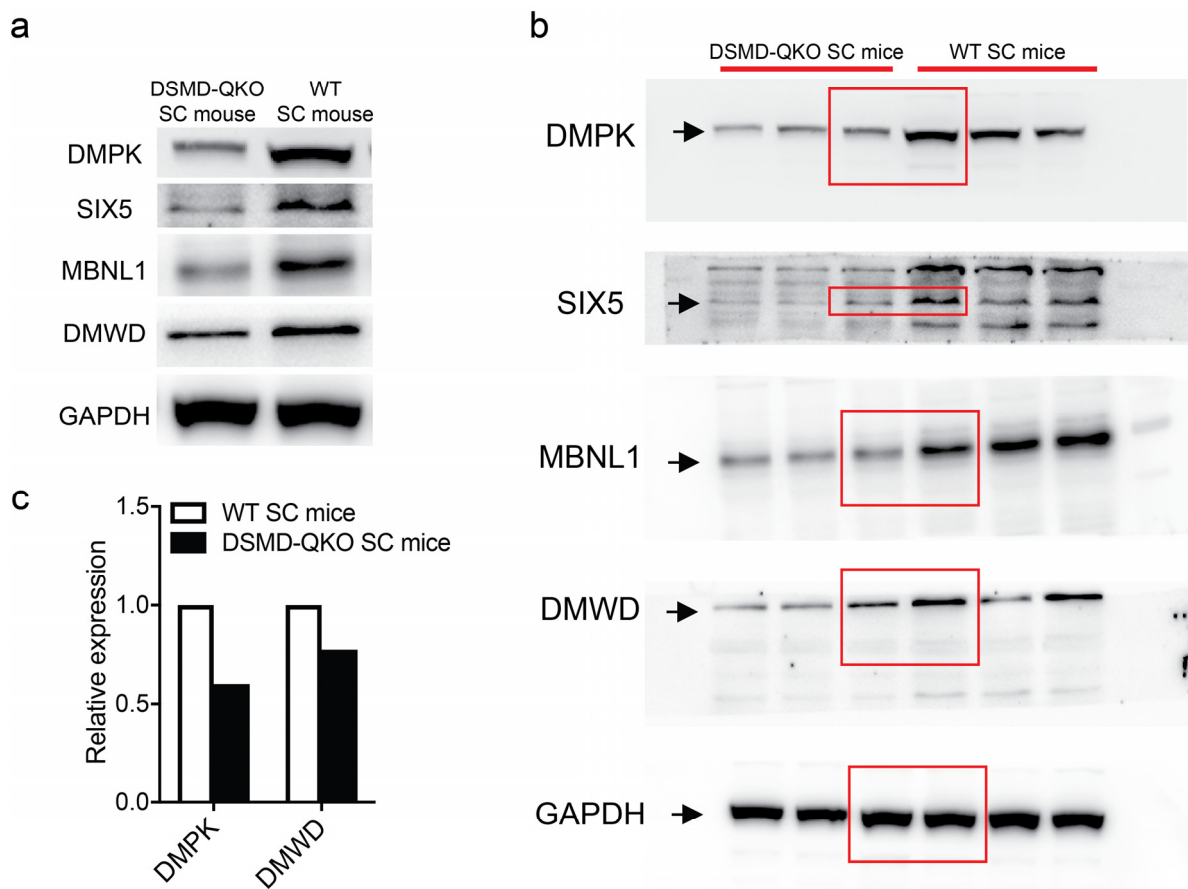

Fig. S6 Protein level analysis of DMPK, SIX5, MBNL1 and DMWD in adult DSMD-QKO SC mice. **a** Western blotting of DMPK, SIX5, MBNL1 and DMWD in the TA muscle of adult QKO and WT SC mice. **b** The original gels of **a**. The red box shown in **a**. **c** Semi-quantitative analysis of the expression of DMPK (stomach) and DMWD (brain) of DSMD-QKO SC mice and WT SC mice using mass spectrometry.
