

Description of Additional Supplementary Files

File Name: Supplementary Movie 1

Description: Sf21 cell exposed to 1.4 nm FITC-Dextran only (control).

File Name: Supplementary Movie 2

Description: Sf21 cell exposed simultaneously to 1.4 nm FITC-Dextran and to 400 nM of Cyt1Aa activated toxin.

File Name: Supplementary Movie 3

Description: NIH cell exposed to 1.4 nm FITC-Dextran only (control).

File Name: Supplementary Movie 4

Description: NIH cell exposed simultaneously to 1.4 nm FITC-Dextran and to 400 nM of Cyt1Aa activated toxin.
