

Appendix 1: Survey Questionnaire
Confidential

Page 1 of 2

6 Month Follow-Up

Please complete the short survey below by using the slider to indicate your response for each question.

- 1) How well do you think that clinicians and staff distinguish the iCPR (integrated clinical prediction rules) from current ways of working?

Not at all Completely

(Place a mark on the scale above)
- 2) How much do clinicians and staff collectively agree about the purpose of the iCPR?

Not at all Completely

(Place a mark on the scale above)
- 3) How well do clinicians and staff individually understand what the iCPR requires of them?

Not at all Completely

(Place a mark on the scale above)
- 4) How well are clinicians and staff able to construct potential value of the iCPR for their work?

Not at all Completely

(Place a mark on the scale above)
- 5) To what extent are key individuals driving the iCPR implementation forward?

Not at all Completely

(Place a mark on the scale above)
- 6) To what extent do clinicians and staff agree that the iCPR should be part of their work?

Not at all Completely

(Place a mark on the scale above)
- 7) To what extent do clinicians and staff buy in to using the iCPR?

Not at all Completely

(Place a mark on the scale above)
- 8) To what extent do clinicians and staff continue to support use of the iCPR?

Not at all Completely

(Place a mark on the scale above)
- 9) How well are clinicians and staff able to perform the tasks required by the iCPR?

Not at all Completely

(Place a mark on the scale above)
- 10) To what extent do clinicians and staff maintain their trust in each other's work and expertise through the implementation of the iCPR?

Not at all Completely

(Place a mark on the scale above)
- 11) How appropriately is the work of the iCPR allocated to clinicians and staff?

Not at all Completely

(Place a mark on the scale above)
- 12) To what extent is the implementation of the iCPR adequately supported by your organization?

Not at all Completely

(Place a mark on the scale above)
