Table S1. Teachers' beliefs about emotion predicting anger bias

| | Outcome: Anger Bias | | | |
| | Anger is Useful | | Anger is Harmful | |
	OR	CI	OR	CI
Intercept	0.37	0.06, 2.17	0.16*	0.04, 0.72
Teacher Belief	1.09	0.71, 1.68	1.39	0.96, 2.01
Covariate				
Teacher Age	0.98	0.97, 1.00	0.99	0.97, 1.00
Teacher Gender	0.85	0.53, 1.35	0.82	0.54, 1.23
Round	0.53**	0.43, 0.64	0.53**	0.43, 0.64

Note:
1. Gender: "0" = Male, "1" = Female.
2. For odds ratios, values above 1 indicate probability of anger bias occurring, and values below 1 indicate probability of anger bias not occurring.
*$p < .05$, **$p < .01$
