

Figure S1. Differences in DFS between patients stratified by IRS based on stage or grade from TCGA. DFS curves of patients (A) in the entire TCGA cohort, or with (B) stage I & II, (C) stage III, (D) grade 1 & 2 or (E) grade 3 & 4. DFS, disease free survival; IRS, immune risk score; CI, confidence interval; TCGA, The Cancer genome Atlas.
